

Technical Bulletin / Safety Alert

Unique ID No: DES2014-TBSA-05

Rev: 0

(This document supersedes all previous versions of DES2014-TBSA-04)

Subject: MDR074246DES-2 Design Registration Alteration

Date: 4th November 2014

Applicable to: ALL VLI JUG-A-0 UL/UV Machines with MDR074246DES and MDR074246DES-1

Note: Minimum PPE required to carry out any inspections contained in this TBSA shall be protective clothing & footwear, safety glasses, hearing protection & any site specific requirements. A JSA or equivalent should be carried out prior to performing these tasks.

Notification:

VLI advises the release of revised design registration drawings and alteration to diesel engine system (DES) design registrations MDR074246DES and MDR074246DES-1, now covered under Design Registration No. MDR074246DES-2.

A copy of the MDR074246DES-2 certificate of plant design registration and revised design registration drawings and documents are attached to this TBSA.

It is recommended the revised design registration documentation be stored in the equipment plant safety file with the original design registration documents, to be referred to when completing future mechanical Code D inspections.

All relevant diesel engine systems that are serviced or repaired by VLI will be assessed in accordance with the requirements of design registration MDR074246DES-2.

Please ensure this document is circulated to all relevant personnel within your organization. Should you have any further queries please contact your VLI Representative.
